APPLICATION PROCEDURE

2401 - Stoving paints for barrel

TARALAC

- If previously coated, remove the coating by sanding.
- Sand the surface with emery paper no. 180.
- Followed by smooth sanding with emery paper no. 320 or 400 and cleaning of the surface to remove dust.
- Apply stoving paint or clear thinning with Taralac Stoving Thinner.
- Keep the surface in open for 10-15 minutes till the solvent is evaporated.
- Keep the substrate in the oven for about 30 min at 1200 C or 20 Minutes @ 150 O C

BENEFITS OF THIS PRODUCT

2401 - Stoving paints for barrel

Taralac Stoving colours/Lacquer is extensively used for metal coating.

It has good levelling & it offers good adhesion to metal.

High solid content with low viscosity hence more covering & good DFT.

It is a clear liquid & medium viscous, non-hazy & pale yellow, thereby maintaining the natural looks of the metal.
